SCIENTIFIC RATIONALE

It is our great pleasure to announce the Elbow Advanced Teaching (EAT) to be held on December 1-2, 2026 in Bruneck (Dolomites), Italy. Elbow surgery is an evolving field, with new techniques and technologies continually improving clinical and functional outcomes. However, the anatomical and biomechanical complexity of the elbow necessitates a highly specialised and individualised approach.

The Elbow Advanced Teaching will bring together international experts to discuss the latest innovations and challenges in elbow surgery, focusing on minimally invasive techniques, ligament reconstruction, and prosthetic replacement for the management of both traumatic injuries and degenerative conditions.

The Elbow Advanced Teaching aims to be an every other year occasion to meet each others in Italy for sharing the knowledge and experience and collectively enhancing the care and treatment of patients with elbow disorders.

We look forward to meet you in Bruneck.

With our best regards,

Dr Paolo Arrigoni, Dr Andrea Celli, Dr Enrico Guerra

TOPICS

- Elbow anatomy
- Surgical approaches
- Elbow fractures
- Elbow instability
- Elbow arthroplasty
- Coronoid fractures
- Radial Head Arthroplasty
- Nerve entrapment
- Instability, Ligaments and Tendons
- Total elbow replacement
- Interosseous Membrane
- Pediatrics
- Elbow Cartilage

- Congress Material
- Certificate of Attendance after the Congress

No refunds in case of absences

ABOUT BRUNECK

Brunico (Bruneck) is a charming Alpine town nestled in the heart of South Tyrol, where Italian warmth meets Tyrolean tradition.

Surrounded by the breathtaking peaks of the Dolomites, Brunico offers a unique blend of natural beauty, rich history, and vibrant culture.

Its picturesque old town, with colorful façades, elegant cafés, and boutique shops, invites visitors to slow down and enjoy an authentic Alpine atmosphere. Overlooking the town, Bruneck Castle stands as a testament to centuries of history and now hosts the fascinating Messner Mountain Museum.

Throughout the year, Brunico captivates visitors with outdoor experiences ranging from hiking and cycling in summer to world-class skiing in winter, combined with excellent local cuisine and a strong commitment to sustainability and quality of life. Brunico host also many students for the presence of HOW TO REACH PADUA University.

A destination where nature, culture, and hospitality come together, Brunico is the perfect place to experience the true essence of the Alps.

Visit the official website: <https://www.bruneck.com/it>

HOW TO REACH BRUNECK

By Air

The nearest major airports are Innsbruck Airport (Austria), approximately 90 km away, Verona Airport (around 190 km), and Venice Marco Polo Airport (around 200 km).

By Car

Brunico is easily accessible by car via the A22 Brenner Motorway.

Exit at Bressanone/Val Pusteria (Brixen/Pustertal) and follow the SS49 state road east towards Val Pusteria. Brunico is approximately a 40-minute drive from Bressanone.

By Train

Brunico is well connected by rail and bus. Trains run regularly from Bressanone (Brixen) and Bolzano (Bozen), which lies on the main Brenner railway line connecting Italy and Austria. From Bressanone, a bus or train takes you directly to Brunico in about 35 minutes.
