WELCOME

I am enthusiastic to welcome you to 8th Hand Trauma Prevention Meeting 2026.

The meeting has the purpose to show how to avoid most common mistakes all around the hand surgery, starting from the selection of patients, the decision making for surgery and the follow up. For the first time it's considered fundamental the role of the industries into prevention.

Prevention is the only way to avoiding errors. As human we make mistakes but as surgeons we have not to make the same mistake twice
